Martin Insurance is an all lines insurance brokerage that has been serving Wallaceburg and South-Western Ontario continuously for over 120 years.

The brokerage was founded by Charles Chubb in 1885 and the Martin family involvement began in 1902. The family is still represented in the office by one of the partners.

We represent a broad range of both domestic and international insurers in Canada's top 40 on a contractual basis. Many of these companies have been with us in one form or another for over a century. Further, we can arrange coverage on an individual account basis with many other insurers through wholesale arrangements and over the counter transactions. Our portfolio is evenly split between personal and commercial lines of business so we can help with all of your insurance needs.
